PATIO/DECK COVER

OASIS - 3 SEASON

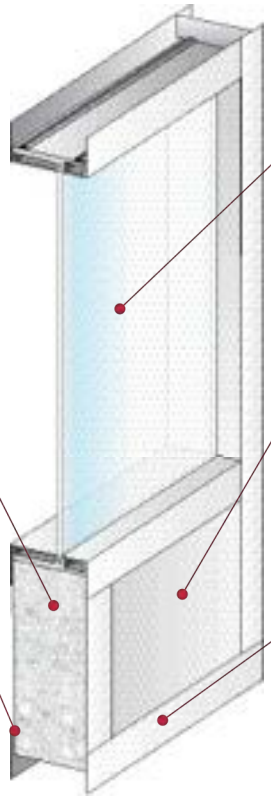
EXCEPTIONAL VALUE FOR SPRING, SUMMER AND FALL

- This room is joined to your home and easily closed off by a sliding patio door or a terrace garden door when not in use.
- Engineered from single-glaze, clear-glass panels to provide natural light and maximum air flow, bringing the outdoors inside.
- Insulated roof panels provide optimum strength and comfort.
- Offers sleek and clean lines, and extra large glass panels for maximum light and visibility.

Includes custom manufacturing, quality design and installation.

The Oasis 3-Season Sunroom Wall System

Engineered to meet the Ontario Building Code



Single-glaze clear glass

Crystal clear coat paint finish reduces fading

Rigid foam core provides superior insulation value

Durable impact-resistant fiberglass interior panels eliminate dentng and scratching

Heavy duty aluminum base channel allows added strength and durability

OASIS PLUS ALL SEASON

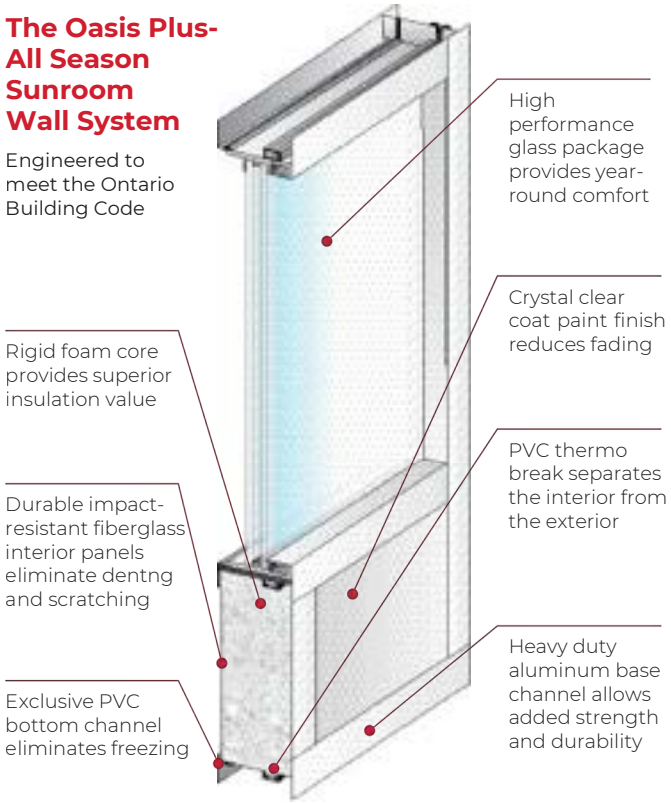
IDEAL FOR SPRING, SUMMER, FALL AND WINTER

- This room is joined to your home and easily closed off by a sliding patio door or a terrace garden door when not in use.
- High performance glass package includes Low-E argon gas and super spacer seal.
- Superior insulated walls and glass package keep you cool in the summer and warm in the winter.
- Extra-thick, insulated roof panels provide optimum strength and year-round comfort.

Includes custom manufacturing, quality design and installation.

The Oasis Plus-All Season Sunroom Wall System

Engineered to meet the Ontario Building Code



GRAND OASIS ADDITION

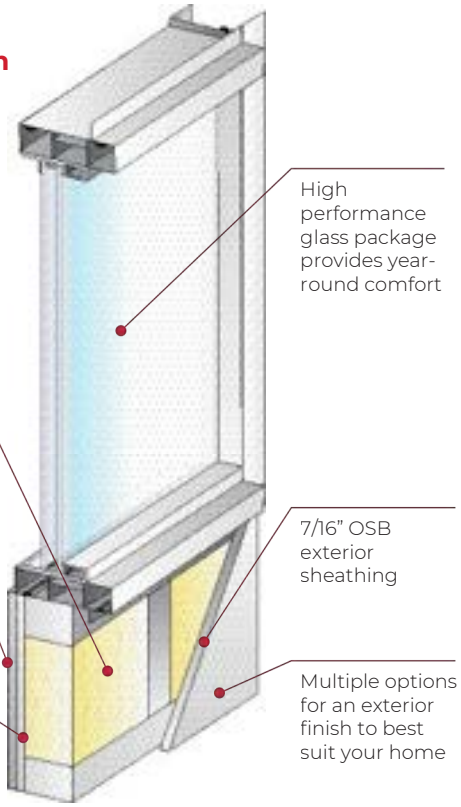
YOUR FUN ROOM ADDITION

- Provides the feeling of a sunroom completely open to your home.
- Add a kitchen extension, living room, entertainment room, or fun room at a fraction of the cost of a solarium or conservatory glass roof addition.
- Our conventional stick-built roofing system meets building code and enhances your home's architecture and decor.

Includes permitting work, custom manufacturing, quality design and installation.

The Grand Oasis Sunroom Addition Wall System

Engineered to meet the Ontario Building Code



ENHANCE YOUR LIFESTYLE

“ My Oasis Plus Lifestyle sunroom brings the outdoors indoors all year long. It’s become my most-loved room.”

Michelle Cormack

“For a small monthly payment financed through Lifestyle, I was able to get my dream sunroom without touching my savings.”

Eleanor Redding

“ We’re so happy we went with Lifestyle. Their sunroom installers were excellent. We love our Lifestyle sunroom.”

Donna and Dan Begin

1 WE DESIGN

We come to your home for all measurements and meetings, and take care of the permitting process.

2 WE Build

Lifestyle custom builds your sunroom walls in our Ontario factory so installation goes smoothly.

3 WE Install

A certified Lifestyle team will professionally install your sunroom quickly and efficiently.
