Had our tub/shower converted to a step-in shower by True North Bath Remodel through Costco. The difference was amazing, it turned just having a shower into a great experience. Crew was highly professional and a pleasure to have in the house. Yes, it's not the cheapest option out there, but they finished it in one day which saved all kinds of delays and grief - totally worth it. Very pleased with everything.! **- Kelly R.**

We are delighted with our new shower that was installed by True North Bath Remodel. The whole process from selection and purchase through coordination and installation was very well done. **- Brad L.**

Very positive experience having our ensuite shower redone! Our team of Dean and Orlando were fabulous, respectful of our home and property, and cleaned up after themselves! We love the finished look and can't wait to use the new shower. I highly recommend using True North Bath for your next shower or tub conversion. **- Lisa M.**
